Hi everyone, the email below encapsulates the dozens of calls and emails I've been getting these past 3 days. [REDACTED] is a resident who understands the need for heightened security but like most, is just asking that the Tecumseh intersection be open in some form or shape.

Is there any material update on the situation? Can this be possible? Anything would help -- thanks.

F

Councillor Fabio Costante

Hi Fabio. I know that you're likely hearing a lot about the inconveniences that West Windsor residents are experiencing due to the east/west street blockades. Believe me, I am very understanding of the predicament that the police services are facing regarding securing bridge traffic. I am also very appreciative of the work they have done thus far - but in layman's terms, "what the hell?" LOL. Please use whatever power and influence you have to at least get east/west traffic on Tecumseh Rd. flowing. Thanks.
